Pilates Classes

LEVELS

1 Beginner Foundation exercises emphasizing support and guidance are taught using building blocks and modifications when necessary to build the framework for more advanced classes.

2 Intermediate These classes build upon beginner exercises and incorporate more exercises within the hour with a focus on flow, greater range of motion and transitions.

3 Advanced A stamina building class structured upon a longer list of intermediate to advanced exercises within the hour with a focus on flow, greater range of motion, less support, transitions, props and in some cases order.

1-3 All Levels

Classes run weekly and you must sign up for each class. A minimum of 3-5 private lessons are required before entering a class.

Programs run as a series where sign up is required once and the same group progresses together.

Pilates Suspension Method™ / Reformer

This high energy class is a combination of Reformer and Suspension Pilates (Pilates Suspension Method™)

Creatively flow from the Reformer to your suspension straps. Focus is on stability, strength, coordination, core control and balance. An excellent choice for those looking to enhance their athletic performance.

Instructors have been teacher trained by PSM™ founder, Rebecca Beckler.

Reformer

The most widely known and versatile apparatus. Its unique combination of springs, pulleys, straps and sliding carriage make it an incredibly valuable and useful piece of equipment to strengthen the powerhouse (core) and increase flexibility.

Reformer for Athletes

This class is designed to duplicate and expand upon motions you do while out on the trail, on the bike, in the water or simply put, while in your element. Focus is on strength, awareness, balance and uniform development of the body preventing lopsidedness.
